We all want our students to get a great education, and the building blocks for a great education begin with students coming to school each and every day. Missing school can have a major impact on a child's future – a student missing one day a fortnight will miss four full weeks by the end of the year. By Year 10 they'll have missed more than a year of school. There is no safe number of days for missing school – each day a student misses puts them behind, and can affect their educational outcomes. Coming to school every day, for the whole day, is vital. If your child must miss school, speak with your classroom teacher as early as possible. Parents can be fined for not sending students to school without an acceptable reason. If you're having attendance issues with your child, please let your classroom teacher know so we can work together to get your child to school every day.

Well Done Year 2!

In Year 5/6 we have been exploring why Lent is a special season in the church calendar. We know that Lent leads to Easter and is a time for us to reflect on Jesus' time in the wilderness, as well as reflecting on our own lives and giving time to God in preparation for Easter. We compared traditional plain food Lenten food and the rich food eaten on Shrove Tuesday. This helped us think about Lent and the importance of the season.

Read To Bump: Oh, The Places You'll Go! Training Sessions

Training Overview

These sessions will help delegates to support expectant mothers and families to 'read to their bump'. It provides an overview of the science behind learning in utero and the benefits for families of starting reading to their child as early as possible.

What Does It Cover?

- The current research regarding brain development and the capacity for learning in unborn children
- The current research regarding early communication and reading with unborn children and very young babies
- The benefits of reading for parents, children and the whole family
- Ways to support parents (including those for whom English is an Additional Language or those with low levels of literacy) with sharing books and reading aloud

Who Should Attend?

The training will be suitable for those who work directly with expectant mothers and parents. This could be those who work in Children's Centres, Midwives, Health Visitors, Family Support and those from voluntary and community groups. Read To Bump can be delivered to parents on a 1:1 basis in their home and also within ante-natal groups.

Who Will Be Leading the Training?

Jenny Holder, Reading Coordinator and Communications Manager at [Liverpool Learning Partnership](#).

Jenny is an experienced literacy leader who has worked both as a primary school teacher and in the charity sector, supporting schools and families with developing reading for pleasure.

Bikes and Balancing

The Nursery children have been developing their gross motor skills this week. We have been riding bikes and walking across balance beams.

Year ½ enjoyed an afternoon of games, colouring, small world role play and LEGO.

A great way to support our mental health

PIC•COLLAGE

WORLD BOOK DAY THURSDAY 3RD MARCH

We are celebrating 25 years of World Book Day and 25 years of Harry Potter. The theme is Harry Potter characters and magic.

Lots of activities planned today in year 1 to explore our feelings and how these can affect our well being. The children have learnt it's important to recognise our emotions and how to talk about them with our friends and teachers.

PIC • COLLAGE

School starts again on Monday
28th February

Please try and order your child's meal on School Grid.

Please clear and arrears on your child's lunch account.

Have a great Half Term and take care.
